

Dune

The softly undulated surface of Lanka's Dune series mimics the rolling hills of sand on the beach. Structured wall tile at a competitive price, this series can be used in entire areas or as an accent with coordinating products.

White Matte (LADUWM)

Bianco Carrara (LADUBC)

White Glossy (LADUWG)

PRODUCT INFORMATION

Colors

White Matte	LADUWM
White Glossy	LADUWG
*Bianco Carrara	LADUBC

Size (Non-Rectified)

12 x 24	LADU--/1224
---------	-------------

Trim

Available in White Matte and White Glossy.
White Matte can be used with Bianco Carrara.
Expect shade variation between field and trim.
½ x 8 Pencil Bullnose LADU--/PBN18

Coordinating Trim

It is possible to find other products that coordinate with Lanka Dune. If quarter round are needed, Lanka Bloc should work well.

For use with:

- LADUWG try color Glossy White (LABC101G)
- LADUWM try color Matte White (LABC101M)
- LADUBC try color with Matte White (LABC101M)

Coordinating trims should be presented with an understanding that there will not be a perfect match and there may be some variation from production run to production run.

Installation Information

Dune is intended for interior walls. If installing with a cement-based adhesive, it is recommended to use a flexible setting material. All substrates should be properly reinforced to be sure there is no movement. For mortar installations, the mortar bed has to be cured (less than 2% humidity) and has to have proper reinforcing. Care should be taken to have the pattern align from piece to piece to create a continuous flow.

Usage

Dune is suitable for use in commercial and residential interior wall applications.

Bianco Carrara
* it is important to blend tile within each carton and from carton to carton during installation, as well as changing the orientation of pieces with similar graphics, to attain a proper mix and blend.
